Notes: Note any irregularities. Continue on a separate sheet if necessary

Submitters Declaration

To the best of my knowledge the information provided above is correct and identification of samples in this envelope matches the tags of the rams, ewes and lambs sampled. Any exceptions are included in the notes (above). I understand that Sheep 50K and Sheep 5K are breed specific tests and the samples submitted are either 75% Romney or Coopworth or Perendale or Texel, or a Composite breed where Romney + Coopworth + Perendale is greater than 30% of the breed composition; Animals failing this breed criteria will not be reported with mBV accuracies; The closer an animal is to the R&D population the more accurate the prediction; Not all traits are reported for all breeds. I understand that by submitting these samples for testing I am agreeing to the Zoetis Terms and Conditions available from www.zoetis.co.nz/terms-conditions

Name: _____ **Signature:** _____

Date: _____

Please ensure that all details on this form have been completed before submitting samples to Zoetis.

Post to: Zoetis, PO Box 5520, Dunedin 9058, New Zealand **Courier to:** Zoetis, Level 4, 9 Moray Place, Dunedin 9016, New Zealand
